Reports from Yavapai county all point to a veritable mining boom in that section. The same condition of affairs prevails in Cochise, Graham and other mining counties in Arizona.—Arizona Gazette.

Col. J. F. Wilson has returned to Prescott from a trip through the territory investigating the question of water storage and irrigation. He expects to leave with his family for the national capital next week and will be present at the opening of congress on the first Monday in December. Charles Herndon, his private secretary, will accompany him.

Though at present there are 1,000,000,000 copper cents in circulation throughout this country the Philadelphia mint has to turn out 4,000,000 a month to accommodate the demand.

The state department at Washington has surprised European diplomats by serving notice that the United States fully intend to protect her rights in China, and that these rights mean all privileges enjoyed by the most favored nation. The U. S. is now in the war business and carrying a chip on her shoulder.

There are in the United States about 2,200,000 more unmarried males than females similarly situated, the exact figures being 3,427,767 bachelors and 3,224,455 spinsters. No wonder the most of us in Arizona are unfortunate. There is not enough girls to go around.

After reading that Pensions Commission Evans has in the past fiscal year excluded 24,662 pension attorneys from handling pension cases, it is not hard to understand the cause of the persistent effort to force him out of his office.

Governor Murphy intimates that Arizona will get statehood at the coming session of congress. Senators Clark and Morgan say Arizona will be admitted this session. It would make us feel odd to wake up some morning in the state of Arizona.—Flagstaff Gem.

The president of the United States has appointed the governors of all the states of the Union as a committee to prepare, in connection with the local committees of the District of Columbia, the plans for a national celebration in the year 1900 of the establishment of the seat of government at Washington city.

Capt. C. G. Dennison is well known all over Africa as commander of the forces that captured the famous rebel Gallieni. Under date of Nov. 4, 1897, from Vryburg, Bechuanaland, he writes: "Before starting on the last campaign I bought a quantity of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used myself when troubled with bowel complaint, and had given to my men and in every case it proved most beneficial. For sale by Tombstone Pharmacy."

TO MINE OWNERS

Being in communication with a number of eastern investors who desire to purchase or bond desirable copper and gold prospects of merit, prospectors and mine owners will do well to list their mines with me, giving full particulars of location, work done, terms etc. Call at my office or send descriptions. Your property may just suit.

The weather is fickle at present; today the heat was almost summery. B. D. Washington one of the jolly knights of the grip is visiting Bisbee. The circus gone and payday over everything about town is again running smoothly.

Bishop Kendrick and Rev. Mr. Eastman of the Episcopal church will hold services here either on the 25th or 26th inst.

A little street fight between two friends on Main street last night attracted a crowd. Beyond a little spilled gore no particular damage was done.

D. J. Allegra, Los Angeles; Frank Bano, Philadelphia, O. L. Kittredge, Los Angeles; L. B. Fletcher, Nogales and M. E. Ferguson, Kansas City, are guests of the Bessemer.

Alex. Graham, Denver; Kenneth C. Lockwood, Martin J. Hogan, Nogales; and Chas. I. Dent, San Francisco, are registered at the Norton.

All arrangements for the Bazaar of Nations conducted by the ladies of the Catholic church of this place and to be given on the nights of November 13, 14 and 15, have been completed. The booths are artistic to a degree and the costumes of the young ladies representing the different nations, are characteristic and elegant.

Bisbee Masons are getting ready to attend the grand lodge at Tucson this week. Quite a number of the local Masonic fraternity will be on hand at the old pueblo meeting.

BEAUTIES OF AMERICAN

An Editors Welcome to the Filipinos

A Kansas editor gives the Filipino situation in a nutshell when he says: "You do not know what a good thing you are missing by not wanting to become a citizen of this grand country of ours. There isn't anything else like it under the sun. You ought to send a delegation over here to see us—this land of the free, this land of churches and 400,000 licensed saloons, bibles, forts and guns, houses of prayer, millionaires and paupers, theologians and thieves, libertines and liars, Christians and chain-gang, politicians and poverty, schools and scalawags, trusts and tramps, virtue and vice. A land where we have men in Congress with three wives, and a lot in the penitentiaries for having two wives, where some make sausage of their wives and some want to eat them raw; where we make bologna sausage of dogs, and corpses of the people who eat it; where we put a man in jail for not having the means of support, and on the rock pile for asking for a job of work. Where we have a Congress of 400 men to make laws and a Supreme Court of nine men to set them aside; where good whiskey makes bad men and bad men make good whiskey, where news papers are paid for suppressing the truth, and made rich for telling a lie; where professors draw their convictions and their salaries from the same source; preachers are paid \$25,000 a year to dodge the devil and tickle the ears of the wealthy; where business consists in getting property in any way that won't land you in the penitentiary; where trusts hold you up and poverty hold you down where men vote for what they do not want, for fear that they will not get what they want by voting for it. Where women wear false hair and men dock their horses' tails; where men vote for a thing one day and curse it 365 days; where we have prayers on the floor of the national capital and whiskey in the basement; where we spend \$5,000 to bury a Congressman who is rich, and \$19 to put away a workman who is poor. Where to be virtuous is to be loathsome, and to be honest is to be called a crank; where we sit on the safety valve of energy and pull wide open the throttle of conscience; where gold is a substance—the one thing sought for, and God a waste basket for our better thoughts and good resolutions. Where we pay \$15,000 for a dog and fifteen cents a dozen to a poor woman for making shirts; where we teach the untutored Indian eternal life from a book and kill him with bad booze; where we put a man in prison for stealing a loaf of bread and in Congress for stealing a railroad; where the check book talks, sin walks in broad daylight, justice is asleep, crime runs amuck, corruption permeates our social fabric and satan laughs from every street

corner. Come to us, Filippine! We've got the grandest aggregation of good things, big and little things, cold things and hot things, soft things and hard things, all sizes, varieties and colors ever exhibited under one tent. Come to our arms at once."

BISBEE, Nov 14 1899.
COPPERMINES.

Geo B Ryan was an outgoing passenger this morning.

Fredy Gerslev, San Geronimo; John Sullivan, Fairbank; W. Wald, same; Mr. Curtis, same. All quartered at the Norton.

James A. Jones, Kansas City; J. D. Keller, El Paso, and D. Hagan, Los Angeles are guests of the Bessemer.

A decided change in the weather is occurring tonight. A brisk southeast wind is blowing and rain will probably fall before morning.

During Prof. Douglas' interesting and instructive lecture on Japan to a large Bisbee audience on Sunday night the Prof. alluded to the change in the local management of the Copper Queen and contemplated the resignation of Messrs Ben and Lewis Williams with regret. He stated that the policy of the company would be continued along the same lines as in the past which means that the characteristic liberality of the company under the present management will be maintained.

On last evening occurred the opening night of the Catholic Fair or Bazaar of Nations. The efforts of the ladies who were instrumental in preparing this entertainment were amply repaid by the presence of a large and generous crowd of visitors. The booths of the different nations were models of correct representation and design and were filled with young ladies in appropriate and becoming costumes. Hand-ornamented articles of various kinds lined the counter, some for sale and some for raffish. An interesting stage performance occupied the attention of the audience for a short time, after which dancing was indulged in. The fair will run to and inclusive of the 16th inst.

The Arizona and Utah railway may now be said to be strictly in the swim. Its first excursion was run from Chloride to Kingman on circus day.

TIMELY DECISION

A Verdict Which Will Settle a Possible Contingency

On May 2, 1890, a meteor weighing about 66 pounds fell on the farm of John Goldovel, in Winneshago Co., Iowa. It was found by Peter Hugland, who sold it to Professor Winchell of the university of Minnesota. When Goldovel learned of this he objected and sued Hugland for "maliciously and feloniously abstracting one certain stone which fell on plaintiff's farm, some time last May, through the act of God, said stone having probably been hurled from some other planet in a state of eruption and being therefore of great value to the plaintiff, who wishes by means of it to acquaint himself with the works of the Creator." This most curious plea evidently appealed to the court's sympathy, for the case was adjudicated in Goldovel's favor.—Ex.

As we are promised a meteoric shower on the 14th or 15th—tonight or tomorrow—the above is published to let all trespassers know that meteors belong to people on whose promises they fell.

Constable Burt Grover of Pearce came in yesterday with a prisoner who is believed to be insane. An examination of the prisoner as to his sanity will be had before Probate Judge Bradley this week.

AN ARIZONA BONANZA

Stock of the United Verde Astonishes Mankind

A New York dispatch says:—"The stock of the United Verde copper mine of Yavapai county, Arizona today reached the top notch of mine value of the world. Eight hundred thousand dollars worth of stock was put on the market today and found a ready sale at the enormous valuation of \$90,000,000 for the property. The mine is by far the richest in the world and every dollar's worth of its stock could be sold here at that valuation. An examination of the books of the company discloses the fact that the mine would be a great bargain at that sum, and a representative of a German syndicate is here for the purpose of purchasing every dollar's worth of that stock that is put on the market and it is not a question of price at all, apparently. The mine during the past six years has paid net some \$39,000,000 and there is thirty years ore in sight according to scientific measurements."

A young man named Hopkins, supposed to be in one of the mining camps of Arizona, is very much wanted by his relatives, among whom is a brother, Dr. Wm E Hopkins, of 803 Sutter street San Francisco. A reward of \$250 is offered by the distressed friends.

EASILY WORKED

An Eastern Visitor Compelled to Pay a Duty

Albuquerque has a "bright" young gentleman from the east, who from all accounts is not yet aware that New Mexico is a part of the United States. He left home a short time ago his destination being Albuquerque. The Albuquerque Citizen says when he reached La Junta, Colo., a well dressed man, seeing that the eastern greeny wore diamonds, walked up to him and asked: "Where are you going?" "To New Mexico," was the answer. "Not until you pay pay duty on those diamonds," said the well dressed individual. "I did not know that a duty was required on diamonds, but how much?" was the reply. "I am a revenue officer, and will have to collect \$50 from you, or take charge of the diamonds." The money was forthcoming, the confidence worker was satisfied and snatched away while the young easterner went on to Albuquerque.

The Tucson land office was notified by the land department at Washington Saturday to cancel nineteen desert land entries for failure to make final proof within the statutory period and thirty-two desert land entries for failure to make the annual proofs that are required by law, aggregating 10,800 acres, mostly in Maricopa county. The land thus cancelled is now open for entry.

A NOVEL PLAN

A Hanging to be Conducted With Much Relat

Navajo county is to experience a novel sensation early next month. Men who committed murder in that county in previous years either got away or were promptly shot by friends of the murdered man when the opportunity presented. Now there is to be a hanging, and it is the first to take place in Navajo county.

Sheriff Watron has sent out fifty invitations to persons who are anxious to see this new method of putting men to death. This invitation is characteristic of frontier life. It reads: "M.—You are hereby cordially invited to attend the hanging of one George Smiley, murderer. His soul will be swung into eternity on December 8, 1899, at 2 o'clock p. m. sharp. Latest improved methods in the art of scientific strangulation will be employed and everything possible will be done to make the surroundings cheerful and the execution a success."

The first carload of oranges of the season from Phoenix was shipped to Detroit last week. This is said to be the earliest shipment of a car of ripe Navel oranges ever made in the United States.

Rev. Eastman preached to a large congregation at the Episcopal church last evening. The Rev. gentleman is winning his way to popular favor by his earnest church endeavors and has awakened much christian interest among our people.

For the three nights beginning tonight the much written of meteoric showers is due to arrive. Tombstone people will do well to look for the heavenly display. If the meteors come on schedule time they will be seen in the early morning between 2 and 3 a. m.

Amoo, an Apache belonging to the reservation was killed twenty miles from the reservation Saturday. The Indian by some unknown means secured a quart bottle of whiskey and after drinking it proceeded to a sheep camp nearby and demanded a fight. The Mexican herder told the Indian that he didn't want to fight and had no occasion to fight with him, but Amoo was persistent and drew up his rifle and fired. The aim of the Apache was faulty owing to his drunkenness and he shot wide of his mark. The sheep herder didn't wait for him to sober up, but seized a club and pounded the Indian to death.

Messrs E. G. Brown and H. G. Davis returned to their homes in Oklahoma and Texas respectively, yesterday. Both gentlemen were heirs of the Duval estate and received their share of the estate in the final distribution made on Saturday. The gentlemen speak most highly of Administrator Austin who handled the estate to the best interests and full satisfaction of the heirs and those concerned. Probate Judge Bradley and Attorney Reilly were also complimented in their work. A little over \$7000 was the amount paid the heirs.

Orders have been issued at Washington for the purchase \$1,500,000 worth of clothing, army hats, tents, musket shoes, leggings and the like, which is expected to meet the demand of the army in the Philippines for about six months, when another supply must be sent out. The light linen uniform suit adopted for troops in the tropics will be secured in large quantities.

FOR OVER FIFTY YEARS.

An old, well-tried remedy. Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.
